Hunting and Fishing in the Great Smokies: The Classic Guide for Sportsmen Jim Gasque

Jim Gasque's classic 1948 work offers a period portrait of outdoor life in the Great Smoky Mountains. Filled with anecdotes, fishing and hunting stories, and recollections of legendary local sportsmen and guides, *Hunting and Fishing in the Great Smokies* presents a social history of these activities before the founding of the Great Smoky Mountains National Park in 1934. The book also offers an insightful glimpse of the region just prior to an era of significant development and growth.

Gasque's guide covers trout streams and trout fishing, lake fishing, and hunting. Thanks to careful preservation by the park, the streams Gasque describes still draw sportsmen today. His tips on prime fly-fishing spots are remarkably up to date and remain valuable for twenty-first-century anglers. Hunting is now prohibited within the park, but in surrounding areas it is still common.

Jim Casada's introduction for this new edition provides a biographical profile of Gasque, puts the hunting and fishing ethics of the period into perspective for today's sportsmen, and offers Casada's thoughts on fishing in the park as it exists today.

Juanita Bey:

Information is provisions for individuals to get better life, information presently can get by anyone at everywhere. The information can be a information or any news even an issue. What people must be consider any time those information which is in the former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you obtain the unstable resource then you buy it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take Hunting and Fishing in the Great Smokies: The Classic Guide for Sportsmen as your daily resource information.

Beverly Hill:

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Hunting and Fishing in the Great Smokies: The Classic Guide for Sportsmen can make you truly feel more interested to read.
