The Gift (Danielle Steel) Danielle Steel

On a June day, a young woman in a summer dress steps off a Chicago-bound bus into a small midwestern town. She doesn't intend to stay. She is just passing through. Yet her stopping here has a reason and it is part of a story that you will never forget.

The time is the 1950s, when life was simpler, people still believed in dreams, and family was, very nearly, everything. The place is a small midwestern town with a high school and a downtown, a skating pond and a movie house. And on a tree-lined street in the heartland of America, an extraordinary set of events begins to unfold. And gradually what seems serendipitous is tinged with purpose. A happy home is shattered by a child's senseless death. A loving marriage starts to unravel. And a stranger arrives—a young woman who will touch many lives before she moves on. She and a young man will meet and fall in love. Their love, so innocent and full of hope, helps to restore a family's dreams. And all of their lives will be changed forever by the precious gift she leaves them.

The Gift, Danielle Steel's thirty-third best-selling work, is a magical story told with stunning simplicity and power. It reveals a relationship so moving it will take your breath away. And it tells a haunting and beautiful truth about the unpredictability—and the wonder—of life.
