The Timeliness of George Herbert Mead

George Herbert Mead is widely considered one of the most influential American philosophers of the twentieth century, and his work remains vibrant and relevant to many areas of scholarly inquiry today. *The Timeliness of George Herbert Mead* brings together a range of scholars who provide detailed analyses of Mead's importance to innovative fields of scholarship, including cognitive science, environmental studies, democratic epistemology, and social ethics, non-teleological historiography, and the history of the natural and social sciences.

Edited by well-respected Mead scholars Hans Joas and Daniel R. Huebner, the volume as a whole makes a coherent statement that places Mead in dialogue with current research, pushing these domains of scholarship forward while also revitalizing the growing literature on an author who has an ongoing and major influence on sociology, psychology, and philosophy.
