Urantia The Earth-The Origin of it All: Exploratory Journeys in the Urantia Book

Nicholas P. Snoek

Urantia The Earth-The Origin of it All: Exploratory Journeys in the Urantia Book Nicholas P. Snoek
In 1955 the Urantia Book appeared, all in 2,100 pages. It is a heavy read that tells us how we came to be, what we may become, and enough about astronomy to help us understand what makes that possible. It has sold 3/4 million copies in many languages, and would have sold many more if it were simpler to read. The purpose of this book, Urantia the Earth: The Origin of It All, is to help bring that about to make it more negotiable, more user-friendly. This is not a dumbing-down exercise; this book is a reading aid, challenging enough in itself.
