Vermont banjo picker Gordon Stone is known for combining the 3 finger banjo style with other idioms including jazz and African folk music. This new book of transcriptions contains selections from a number of his CDs (Night Shade, Even With The Odds, Gordon Stone, and Scratchin' The Surface), both Stone originals and jazz standards like Take Five, Blue Monk, Well You Needn't, and Scrapple From The Apple. These aren't easy pieces, but will be valuable to anyone who is interested in jazz and progressive banjo music.
