Manzanar to Mount Whitney: The Life and Times of a Lost Hiker Hank Umemoto

In 1942, fourteen-year-old Hank Umemoto gazed out a barrack window at Manzanar Internment Camp, saw the silhouette of Mount Whitney against an indigo sky, and vowed that one day he would climb to the top. Fifty-seven years and a lifetime of stories later, at the age of seventy-one, he reached the summit. Part memoir and part hiker's diary, *Manzanar to mount Whitney* gives an intimate, rollicking account of Japanese American life California before and after World War II. As he wanders through the mountains of California's Inland Empire, Umemoto recalls pieces of his childhood on a grape vineyard in the Sacramento Valley, his time at Manzanar, where beauty and hope were maintained despite the odds, and his later career as proprietor of a printing firm, all with grace, honesty, and unfailing humor. And all along, the peak of Mount Whitney casts its shadow, a symbol of freedom, beauty, and resilience.
