The Art of the Brick - The Pictorial Nathan Sawaya

"The Art of the Brick: The Pictorial" is a soft cover collection of photos of some of Sawaya's most amazing sculptures and portraits; all created out of standard LEGO(R) bricks. His most iconic sculptures are featured including "Yellow", a yellow figure who appears to be ripping himself open as plastic bricks cascade out of the chest cavity, "Blue", a blue figure that is either building himself out of LEGO, or maybe taking himself apart (only the artist knows for certain), and then there is the 20-foot-long tyrannosaurus rex dinosaur skeleton created painstakingly from more than 80,000 tiny bricks that lives on the two-page spread near the back of the book.
