## What If...? Amazing Stories

*Fantastical stories to spur the imagination.*

What if? It's a question that is the beginning of endless possibilities. When science fiction writer Monica Hughes posed this question to a group of science fiction and fantasy writers, the result was this incredible collection of stories.

Covering the galaxy in setting and every possible emotion, these tales pose some interesting questions. What if the moon was haunted by a beautiful maiden? What if noise was forbidden and music was a crime? What if famous people were cloned over and over again? What if only you could save the world and you don't know how?

#### **Debbie Gray:**

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this What If...? Amazing Stories can make you really feel more interested to read.
