Paul Rogers account of his own life is compelling and factual. In his own words he describes how he went from a normal, everyday hard working person, to being visited by an Angel who gave him a message that would alter his life forever and then discovering his new found abilities as a Medium. From there he would have a chance meeting with renowned psychic and ghost investigator Peter James, who would become his mentor. His pursuit of the unexplained would take him into many households where residents who are desperate to remove the invading ghost, would contact him in a last ditch effort to bring back normal and peaceful living conditions. Along the way he takes on ghosts that attack at night or during the day. Homes with so many ghosts that the homeowners felt suffocated and scared for their lives. His daring attitude and fearlessness would take him into an abandoned hospital, an antique warehouse and to the State of Missouri where he would go to a house to take on the dead owner's ghost. He would also help by emotionally healing people who are despondent over losing a loved one, by contacting their loved one and communicating with them. And lastly in his own words his own true ghost story, which left him and his wife unnerved during a peaceful weekend retreat.
