Anatomy of the State Murray Rothbard

Murray Rothbard was known as the state's greatest living enemy, and this book is his most powerful statement on the topic. He explains what a state is and what it is not. He shows how it is an institution that violates all that we hold as honest and moral, and how it operates under a false cover. He shows how the state wrecks freedom, destroys civilization, and threatens all lives and property and social well being, all under the veneer of "good intentions."
