"This story was well-written especially as far as the depth of all characters goes, and has extreme potential." - NYT Bestselling Author Carrie F. Shepherd

"I loved the book and the story which was adventurous filled with tons of emotions"
- Bestselling Paranormal Author Lilian Roberts

"The comyenti are a plausible and interesting race and I enjoyed reading a work by an author who cares enough about her craft to work on creating new slants on existing themes. Recommended." - Author Simon Williams

"Not only a brilliantly written fantasy but I loved how there were interesting views added throughout that make you think. The ending - love a good hook that intrigues you for book number 2!" - Author Devika Fernando

"A well-paced, interesting fantasy story with a female lead who is strong, not necessarily in a physical/aggressive man's definition of strong, but is able to deal with difficult situations intelligently, without resorting to violence. A refreshing change." - Simon Wheeler, author of Happy Juice

"The author combines magic and mythology with aplomb while providing us with a unique allegory with its own distinct dialogue" - John R. Dizon, author of Sxteamtown

She is the last, or so it seems...

Halfling Sula Comyenti is forever torn between two worlds. Can she make peace with her enemy, holding the key to her only chance of saving her mind-merging species from total annihilation?

The comyentis are different; beautiful and mysterious, possessing superpowers of which humans can only dream. And for this, they are hated, persecuted. Jealous of their ability to merge their minds with animals to instill their abilities, to empathise with other beings on a deep spiritual level, and to even hear their thoughts, people sought them out and destroyed them.

Sula - who might be the last survivors of her kind - lives in hiding, searching for others of her kind. With not just her own life but her whole species' held precariously within her hands, she feels the weight of her responsibility.

As loneliness and alienation slowly engulf her, an attractive young human, Felix, enters her world and she is torn. Should Sula trust him? Can she afford not to?

Sula's life becomes further complicated when she meets the *other* last comyenti and is forced to make a decision. Follow her head or her heart?

'**Call Off The Search**', Book One in the supernatural fantasy Comyenti Series, follows Sula as she fights for her family, her female lover, her hopes, her freedom and the very existence of her species.

"A fantasy novel that boldly goes where most works in the genre dare not tread." - **Reader's Digest**

"I have read more fantasy books where shapeshifters are portrayed, but this is the first book that I've come across that dealt with a unique way of merging minds to gain animals skills without having to change shapes!" - Book Girl

The dramatic sequel, '**Children Of The Sun**' is also out on e-book and in paperback.

Also look out for '**The Comyenti Series Book Bundle**' which contains the two first full length books at a special price.

Best for readers above age 15
