An erotic contemporary novel with mixed themes including m/f, fem dom, fem sub, BDSM and interracial. April desires only one man, the man she's always loved, the man who recites Shakespeare sonnets while tracing a crop over her tightly bound body. But after a failed marriage proposal, her lover orders her away from him and tells her she needs to experience more things and different men. When April meets a male slave called Daisy she discovers that her own sexuality extends beyond willing obedience. She switches between slave and mistress, between aching for her lover and excitement at playing with her new pet. Will she be able to maintain both roles or will she have to make a decision about who she truly is?
