Biopsychology- Text Only

John P.J. Pinel

Biopsychology- Text Only John P.J. Pinel

Biopsychology clearly presents the fundamentals of the study of the biology of behavior and makes the topics personally and socially relevant to the student. Written in a friendly, engaging, narrative - and at times autobiographical - tone, the Sixth Edition continues to make the field of biopsychology accessible and appealing. By emphasizing four interwoven themes throughout the book, the major recent developments in the rapidly changing field of biopsychology come alive clearly and completely for students.
