## **The Development of Mathematical Logic (Key Texts)** P. H. Nidditch

This is a clear and straightforward summary of the history of formal logic from the time of Aristotle to that of . Nidditch discusses the four main trends at the root of modern logic: Aristotle's theory of the syllogism; the idea of a universal language; the idea of the parts of mathematics forming deductive systems; and the discoveries in mathematics in the early nineteenth century. He goes on to outline the chief ideas and theories of the main writers on mathematical logic, including Jevons, Peirce, Boole, Russell, and Whitehead. The text is easy to read and gives the beginning student a valuable perspective on mathematical logic.

### **From reader reviews:**

#### **Earline Martin:**

Book is written, printed, or created for everything. You can recognize everything you want by a e-book. Book has a different type. We all know that that book is important factor to bring us around the world. Adjacent to that you can your reading ability was fluently. A e-book The Development of Mathematical Logic (Key Texts) will make you to be smarter. You can feel more confidence if you can know about every thing. But some of you think this open or reading a book make you bored. It is not necessarily make you fun. Why they may be thought like that? Have you seeking best book or appropriate book with you?

#### **Danny Saleem:**

The book The Development of Mathematical Logic (Key Texts) can give more knowledge and information about everything you want. So why must we leave a good thing like a book The Development of Mathematical Logic (Key Texts)? Wide variety you have a different opinion about e-book. But one aim in which book can give many info for us. It is absolutely right. Right now, try to closer together with your book. Knowledge or information that you take for that, you can give for each other; it is possible to share all of these. Book The Development of Mathematical Logic (Key Texts) has simple shape but the truth is know: it has great and large function for you. You can search the enormous world by open and read a guide. So it is very wonderful.

#### **Bertha Greene:**

In this 21st one hundred year, people become competitive in every way. By being competitive today, people have do something to make these survives, being in the middle of the crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated the item for a while is reading. Yes, by reading a reserve your ability to survive boost then having chance to endure than other is high. In your case who want to start reading a book, we give you this kind of The Development of Mathematical Logic (Key Texts) book as basic and daily reading book. Why, because this book is more than just a book.

#### **Bonnie Gallup:**

This The Development of Mathematical Logic (Key Texts) is brand-new way for you who has intense curiosity to look for some information since it relief your hunger details. Getting deeper you on it getting knowledge more you know or perhaps you who still having little bit of digest in reading this The Development of Mathematical Logic (Key Texts) can be the light food in your case because the information inside that book is easy to get simply by anyone. These books acquire itself in the form which can be reachable by anyone, that's why I mean in the e-book web form. People who think that in reserve form make them feel sleepy even dizzy this reserve is the answer. So there is not any in reading a reserve especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss that! Just read this e-book kind for your better life as well as knowledge.
