Written by two leading scholar-practitioners in the field, **International Civil Litigation in United States Courts** offers a unique combination of excerpts of cases and materials, commentary, and detailed notes--in an accessible framework that integrates topics seamlessly. Much like the newly released edition of Mr. Born's *International Arbitration* casebook, this text promises to be the leader in its field.

The **Fifth Edition** provides a thoroughly updated survey of the field, canvassing recent developments, such as the stream-of-commerce theory of personal jurisdiction, the immunity of government officials after *Samantar*, and the extraterritorial application of federal statutes after *Morrison*. Each chapter contains non-U.S. materials which support a comparative study of the topics covered in the book.

International Civil Litigation in United States Courts features

- **broad and inclusive coverage**
- **a manageable and transparent organization of topics**
- **extraordinary authorship** that brings a wealth of experience in teaching and practice to every page
- integrated coverage of **conflicts of laws**
- **enduring value as a reference source**

Updated throughout, highlights of the Fifth Edition reflect significant developments in the field:

- **analyzes the most recent Supreme Court decisions in the field like *Samantar*, *Morrison* and the upcoming stream of commerce cases**
- **traces subsequent lower court activity following pathbreaking decisions like *Sosa* and *Intel***
- **covers major legislative activity like the recent overhaul of the Foreign Sovereign Immunities Act**
- **even greater emphasis on comparative analysis of the topics covered such as jurisdiction, judgments and forum selection**
