## International Handbook of Chinese Families

Families are the cornerstone of Chinese society, whether in mainland China, in Taiwan, Hong Kong, Macao, Singapore, Malaysia, or in the Chinese diaspora the world over. *Handbook of the Chinese Family* provides an overview of economics, politics, race, ethnicity, and culture within and external to the Chinese family as a social institution. While simultaneously evaluating its own methodological tools, this book will set current knowledge in the context of what has been previously studied as well as future research directions. It will examine inter-family relationships and politics as well as childrearing, education, and family economics to provide a rounded and in-depth view.
