Numismatic Photography, 2nd edition Mark Goodman

In this second edition of Numismatic Photography, author Mark Goodman has fine-tuned the secrets to quality digital coin photography through a structured, systematic approach that is easy to apply, simple to learn and guaranteed to produce spectacular results.

The chapters are divided into two parts: Essentials and Advanced, allowing beginning photographers to learn without being overwhelmed while still providing more advanced photographers with the information needed to enhance and improve their skill sets.

Whether the coin you are photographing is encapsulated or raw, deep mirror Proof or dark copper, Mint State or circulated, the skills and techniques outlined in this book allow even the beginning photographer to capture the true essence of each coin, with life-like brilliance, contrasting devices, sharp detail and perfect bands of luster.
