Theatres of the San Francisco Peninsula (Images of America)

Jack Tillmany, Gary Lee Parks

Theatres of the San Francisco Peninsula (Images of America) Jack Tillmany, Gary Lee Parks

The San Francisco Peninsula serves as a geographic and transportation link between the cities of San Francisco, San Jose, and all points north and south. As commerce increased along its highways and railroad lines from the late 19th century onward, cities and towns flourished along that corridor. Wherever commerce went, entertainment followed. Beginning with early playhouses and storefront nickelodeons, continuing through the movie palace period, the golden age of the drive-in theatre, and into the days of the multiplex, this volume of vintage photographs captures the various eras as they applied to the peninsula.
