**Angel Chasers** Gloria N. Harris

ANGEL CHASERS is a fascinating and provocative view into the world of angels, good and bad. The work is well researched and documented with scripture and references to well-known and authoritative teachers and ministers of the gospel. Harris never strays far from the central truth of the gospel consistently pointing back to Jesus and the message of salvation. This glorifies the Creator, not the creation.

Many ignore the spiritual component of sickness. The spirit world is certainly a large part of sickness, direct and indirectly. Harris does an excellent job of illustrating this. This book should be required reading for believers who are health care workers, individuals who have family members who are ill or anyone dealing with personal illness. The understanding that angels are charged by the Father to take care of us is a great comfort to us all.

The true nature of these creatures is clearly elucidated. These are not weak 'Valentine cherubs' or bumbling Hollywood type 'angels' but intensely intelligent, powerful warriors. It is like having a Navy Seal or Delta Force warrior at your side.

I highly recommend this book for all believers, or anyone interested in the subject of angels. Even nonbelievers should read this book, because we all realize there is a spiritual aspect to our lives.
