Pulled from the shelf of a rare-book store by collector Neale M. Albert, *Paris: Les Boulevards* is a true gem that was forgotten for well over a century but will now enchant readers once again in this charming facsimile edition. Paris's romantic architecture and vibrant street culture make it one of the most enjoyable cities in the world to stroll and people watch in. This charming little illustrated volume by Charles Franck captures just that through delicately rendered Victorian-era illustrations of panoramic cityscapes of the most gorgeous Parisian boulevards. Complete with horse buggies in the streets, women in society hats, and men in coattails, *Paris: Les Boulevards* highlights a nostalgic era in both fashion and architecture. To further add to the charm, this volume honors its original unique binding with eleven gatefolds: each page folds out to six panels displaying the whole of the famous promenades at once. With pages including boulevard des Italiens, avenue de l'Opéra, and boulevard Montmartre, Parisians and tourists alike will savor Franck's beautiful and meticulous re-creations of the city's most important streets and their buildings. Added to the original book are thoughtful texts on each panel and an introduction by author and curator, Pamela Golbin. Each panoramic image is brought into historical context by Golbin with short anecdotes and musings on famous addresses and landmarks that may or may not still exist. The original book can only be found in one other library in the world, so little is known about the original publication date or the author, adding further captivation to this volume. Paris remains one of the most romantic and dreamy cities in the world, and for this *Paris: Les Boulevards* will be perfect for those of all ages smitten with the city's charms.
