## Religious and Ethical Perspectives on Global Migration

Religious and Ethical Perspectives on Global Migration examines the complicated social ethics of migration in today's world. Editors Elizabeth W. Collier and Charles R. Strain bring the perspectives of an international group of scholars toward a theory of justice and ethical understanding for the nearly two hundred million migrants who have left their homes seeking asylum from political persecution, greater freedom and safety, economic opportunity, or reunion with family members.

Religious and Ethical Perspectives on Global Migration provides insight for ethics, moral philosophy, social and political philosophy, religious studies, social justice, globalization, and identity formation.
