Studying at a Distance: A guide for students (Open Up Study Skills) Christine Talbot

"I have not been in education for a while and have decided to start an online course. I highly recommend this book, it is informative, easy to read and has given me many helpful hints and tips on studying away from a campus."

***** *Review on Amazon.co.uk*

"This book is invaluable for the first time, or even the long term, distance learner. Areas covered include motivation for studying, the learning process, note taking, tips on e-learning, in fact everything up to, and including, preparing for exams. Excellent for dipping into when you hit an obstacle to your studies. Highly recommended. "

***** *Review on Amazon.co.uk*

This essential guide provides practical help and support for those who have not previously studied at a distance and is ideal for students returning to study after a break. It covers fundamental issues such as motivation, goal setting, time management and coping strategies.

Additional coverage in the third edition includes:

- Specific information on the use of new technologies in distance learning
- Detailed coverage of referencing, citation and plagiarism
- Description of using mind maps and other techniques for planning and writing essays or reports
- Support for disabled students, particularly those with dyslexia
- An expanded further resources section

Hallmark features of this book are the comments and advice offered by distance learning students and tutors. It also includes a comprehensive exploration of developments in e-learning as well as self-study activities that highlight the element of active learning that is crucial to successful studying at a distance.

Studying at a Distance is a key resource for undergraduates and postgraduates in all open and distance learning or e-learning courses.
