Using Sartre: An Analytical Introduction to Early Sartrean Themes

Gregory McCulloch

Using Sartre: An Analytical Introduction to Early Sartrean Themes Gregory McCulloch

Using Sartre is an introduction to the philosophy of Jean-Paul Sartre, but it is not an ordinary introduction. It both promotes Sartrean views and adopts a consistently analytical approach to him. Concentrating on the early philosophy, up to and including Sartre's masterwork *Being and Nothingness*, Gregory McCulloch clearly shows how much analytic philosophy misses when it neglects Sartre and the continental tradition in philosophy.

In the classic spirit of analytic philosophy, this is a clear, simple and appealingly short exposition of the early work of Sartre. Written specifically for beginners and non-specialists, this book is sure to spark new interest in Sartre and the existentialists, while making a significant contribution to the development of analytical philosophy of mind as well.
