A Decade in Borneo (Literature of Travel, Exploration and Empire) Ada Pryer

In 1878 a young man named William Pryer was sent to North Borneo (now Sabah) to 'establish' the British North Borneo Company there. In 1894 his wife Ada published her account of his early years as an administrator along with some sketches of their life together. The memoir has unique value both as a travel narrative in its own right and for understanding the international politics of the British takeover of North Borneo. The new edition will reproduce the text of the original 1894 edition, including an introductory essay as well as annotations to explain and contextualize references of historical and biographical significance.
