Saturday was a normal day. People went shopping. To the movies. Everything was just as it should be. But not for long. By Sunday, civilisation was in ruins. Adults had become murderously insane. One by one they became infected with a crazed, uncontrollable urge to slaughter the young - even their own children. Especially their own children. Will this be the way the world ends, in waves of madness and carnage? What will be left of our world as we know it? And who, if anyone, will survive? Terror follows terror in this apocalyptic nightmare vision by one of the most powerful talents in modern horror fiction. Prepare yourself for mankind's final days of fear.
