## **Snap** Carol Snow

Madison Sabatini thought she knew who she was: an almost-sophomore with a bright future. The newest photographer on her school paper. A shopaholic with great hair and a fabulous wardrobe. Then, in a flash, everything changed.

Now she's stuck in Sandyland, a gloomy beach town in the middle of nowhere, living with her parents in a crappy hotel "suite." Instead of spending the summer with her friends at home, she's hanging out with pink-haired Delilah, an artist who works in a shop called Psychic Photo, and a skater boy named Duncan who's *totally* not her type. Except, maybe he is . . .

Determined to make the best of things, Madison throws herself into her one passion: photography. But when strange figures start appearing in her pictures—people who weren't there when she snapped the shots, people who are later reported dead—she begins to question everything about who she is . . . and who she wishes she could be.
