William James Baldwin

Excerpt from Steam Heating for Buildings, or Hints to Steam Fitters: Being a Description of Steam Heating Apparatus for Warming and Ventilating Private Houses and Large Buildings

The dearth of practical information on steam heating, and the want felt by the young steam-fitter, in almost all branches of his trade, has suggested to me the necessity of explaining, so far as lies in my power, some of the many questions which often arise.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
