## **The Hermeneutics of Original Argument: Demonstration, Dialectic, Rhetoric (Studies in Phenomenology and Existential Philosophy) P. Christopher Smith**

What, precisely, does the word hermeneutics mean? And in what sense can one speak of the hermeneutics of original argument? In *The Hermeneutics of Original Argument*, P. Christopher Smith explores these questions in building upon Heidegger's hermeneutical thought. In applying Heidegger's basic notion that hermeneutics is not a doctrine of interpretation but is its actual execution, Christopher Smith penetrates the abstractions that conceal original argument and explores the structure and nature of argument as it originally occurs.
