Triangles (Stone Age Geometry)

Gerry Bailey, Felicia Law, Mike Phillips

Triangles (Stone Age Geometry) Gerry Bailey, Felicia Law, Mike Phillips

Leo teaches his cat Pallas all about triangles by applying his knowledge of geometry to their Stone Age world. Entertaining illustrations and stories provide a fun introduction to math concepts, explaining that different shapes created by the meeting of three lines are given different names. Information boxes accompany each story to explore real applications of triangles in the natural and designed world.

From reader reviews:

Desiree Thorne:

This Triangles (Stone Age Geometry) are reliable for you who want to certainly be a successful person, why. The main reason of this Triangles (Stone Age Geometry) can be one of the great books you must have is definitely giving you more than just simple examining food but feed an individual with information that probably will shock your prior knowledge. This book is definitely handy, you can bring it just about everywhere and whenever your conditions in e-book and printed ones. Beside that this Triangles (Stone Age Geometry) giving you an enormous of experience such as rich vocabulary, giving you trial run of critical thinking that we realize it useful in your day exercise. So , let's have it and enjoy reading.

Donald Farrell:

The actual book Triangles (Stone Age Geometry) will bring someone to the new experience of reading any book. The author style to explain the idea is very unique. Should you try to find new book to read, this book very suited to you. The book Triangles (Stone Age Geometry) is much recommended to you to read. You can also get the e-book in the official web site, so you can quickly to read the book.

Robert Quinonez:

Precisely why? Because this Triangles (Stone Age Geometry) is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of benefits than the other book get such as help improving your skill and your critical thinking way. So , still want to postpone having that book? If I had been you I will go to the book store hurriedly.

Carolyn Rodriguez:

Your reading 6th sense will not betray you, why because this Triangles (Stone Age Geometry) publication written by well-known writer we are excited for well how to make book that may be understand by anyone who also read the book. Written with good manner for you, leaking every ideas and producing skill only for eliminate your own hunger then you still skepticism Triangles (Stone Age Geometry) as good book not only by the cover but also through the content. This is one reserve that can break don't assess book by its cover, so do you still needing another sixth sense to pick this kind of!? Oh come on your looking at sixth sense already told you so why you have to listening to another sixth sense.
