Allan's Wife, and Other Tales (Classic Reprint) H. Rider Haggard

Dear Macumazahn, It was your native name which I borrowed at the christening of that Allan who has become as well known to me as any other friend I have. It is therefore fitting that I should dedicate to you this, his last tale the story of his wife, and the history of some further adventures which befel him. They will remind you of many an African -arn that with the baboons may recall an experience of your own which I did not share. And perhaps they will do more than this. Perhaps they will bring back to you some of the long past romance of days that are lost to us. The country of which Allan Ouatermain tells his tales is now, for the most part, as well known and explored as are the fields of Norfolk. Where we shot and trekked and galloped, scarcely seeing the face of civilized man, there the gold-.seeker builds his cities. The shadow of the flag of Britain has, for a while, ceased to fall upon the Transvaal plains ;the game has gone ;the misty charm of the morning has become the glare of day. All is changed.
