There are three sides to every story: yours, mine and the truth. The Blueprint novels are a new concept in erotic adult fiction: twin novels, one story, each told from a different perspective. Blueprint Edward takes the reader on a tantalising journey that is provocative, thrilling, and highly stimulating. When alpha-male property millionaire Edward, 35, meets smart and sassy architect Lizzy, 29, the attraction is instantaneous, but is she as open and sexy as she seems, or just another calculating golddigger, and could it all go wrong with their first encounter? These two strong personalities both have their demons and their secrets, but Blueprint Edward tells his side of this compelling story, and explores the traumas and violence in his past, the intrigue and unresolved issues surrounding his family, and holds nothing back in describing the steamy, explicit sex scenes that unfold as the plot twists and turns to its climactic and unexpected ending. A clever blend of contemporary fiction, fast-moving action and graphic sexual encounters, this novel is a truly unforgettable read, combining elements of exciting drama, and psychological insight. This is an intensely readable and powerful novel, perfect for fans of sexually explicit fiction that pulls no punches and is unafraid to tackle thought-provoking and controversial subjects. Also available: Blueprint Lizzy...now see it from her side. **WARNING** – This story is intended for adult readers only and contains explicit language and graphic sexual content. **NOTE** - If you click 'Look Inside' you will immediately read scenes of a sexual nature. A message from the author - Thank you for your interest in my Blueprint books. I hope you enjoy reading them as much as I enjoyed writing (and researching) them.
