## HERE COMES THE SUN

The sun rises late, dirty and so badly in need of a service it's a wonder it gets up at all. The moon's going to be scrapped soon and a new one commissioned - but they've been saying that for years ... All is not well with the universe, and it's because the mortals are running the show. It's time for a Higher Power to take charge ...

## ODDS AND GODS

It's a god's life at the Sunnyvoyde Residential Home for retired deities. Everlasting life can be a real drag when all you've got to look forward to is cauliflower cheese on Wednesdays. But things are about to change, because those almighty duffers Thor, Odin and Frey have restored a thousand-year-old traction engine ... and the thing actually works. Then there's Osiris, preparing to set out on a quest that will test his wheelchair to the very limits. Only one thing might save the world. Dentures.
