Endpoint and Other Poems John Updike

"Endpoint" opens with a series of connected poems which were written on the occasions of Updike's recent birthdays and culminate in his confrontation with his final illness. They look back on the boy that Updike once was, on his family and little town and the circumstances that fed his love of writing. Then there are 'Other Poems', ranging from fanciful musings about what it would be like to be a stolen Rembrandt painting to celebratory outpourings that capture the spontaneity and flux of life. Finally, there is a set of sonnets, some of which are inspired by exotic travels in distant lands, and some of which simply take pleasure in the idiosyncrasies of nature in Updike's own backyard. For John Updike, the writing of poetry was always a special joy, and this final collection is an eloquent and moving testament to the life of this extraordinary writer.
