This is the kind of dating book you want to take home to your parents, the kind of dating book that you want to meet all your friends, the kind of dating book that likes the same terrible comedy movies as you. We're going to take a look at the intricacies of dating men and women- from building your confidence right through to sex- in a new way. Let us help you to revolutionize your dating life and look at the world of romance, love, and sex in a whole new way. Sharing the connection of chemistry with someone is one of the most wonderful feelings in the world. But for every 1 such connection we get, there are probably 4 other fizzled or friend zoned attempts that we'd rather not remember. Does "I'm sorry... I just don't think of you that way" sound familiar? So the age-old question for most men ends up really being: how can I create that feeling of chemistry with any woman and make her fall for me? In this book, I'm going to draw from my years of date coaching and use lessons from pop culture/TV to show you exactly how chemistry can be created with anyone. This isn't a miracle cure for your dating woes- this is a way for you to rethink the way you go about dating, and evaluate what you can do to get what you want out of the dating scene. Already intrigued? Read on, and good luck.
