Ramblings of a Targeted Individual: The Introduction Sharon R. Poet

This is an introduction to the final edition of this book as well as previous ones. It includes important updates that are NOT in previous editions. Like the others, it contains articles and statements aimed to help Targeted Individuals and the rest of humanity to become aware of, and help stop, technological targeting, pharmaceutical targeting and covert harassment...etc. It is also a good example of what a Targeted Individual goes through in the process of carrying the immense burden of trying to prove and expose the covert targetings...etc., while still being targeted. Please read this book with your Heart, excuse by bloopers and blunders, and do all that you can to help stop all levels of the technological, pharmaceutical and covert targeting of humanity. This new edition contains only some of my most recent statements and a few new updates on articles, which are not in the previous books. Doing these writings while being harassed and sometimes tortured has been an immense challenge to say the least. Older posts are in the previous 14 editions of Ramblings of a Targeted Individual books. I hope they help all of us to regain our freedom. Please also read my websites on this subject; <http://www.targetedinamerica.com>
