Me Write Book: It Bigfoot Memoir Graham Roumieu

Like many reclusive celebrities, Big Foot is misunderstood. In his touching memoir **Me Write Book** he wants to set the record straight, proving that although he's larger, hairier, and more foul-smelling than most of us, he's really not so different underneath.

Only the most coldhearted among us could look on without compassion as this hirsute Everyman struggles bravely with casual cannibalism, Pringles potato crisps, embarrassing moments with peach Schnapps, the desperate loneliness of personal ads, and philosophical quandaries.

Readers will never forget the plaintive voice from the wilderness that howls from every page of this searing, intimate account of a man-beast in the promised land.
