Known for his network of conservative websites that draws millions of readers everyday, Andrew Breitbart has one main goal: to make sure the "liberally biased" major news outlets in this country cover all aspects of a story fairly. Breitbart is convinced that too many national stories are slanted by the news media in an unfair way.

In **RIGHTEOUS INDIGNATION**, Breitbart talks about the key issues that Americans face, how he has aligned himself with the Tea Party, and how one needs to deal with the liberal news world head on. Along the way, he details his early years, working with Matt Drudge, *the Huffington Post*, and so on, and how Breitbart developed his unique style of launching key websites to help get the word out to conservatives all over.

A rollicking and controversial listen, Breitbart will certainly raise your blood pressure, one way or another.
