The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights)

The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights)

Mereon is an approach to the unification of knowledge that relies on whole systems modelling. It is a scientific framework that charts the sequential, emergent growth process of systems. A dynamic structure, Mereon provides insight and a new approach to General Systems Theory and non-linear science. Mereon evolved through a new approach to polyhedral geometry and topology that is related to the dynamics of the polyhedra. It is related to a large number of systems, physical, mathematical, and philosophical. In linking these systems, Mereon provides access to new relationships among them and combines geometric and process thinking. This book provides the fundamentals of such connections for an ongoing search for order, directionality, and diversity that is found in this unity. It is written in clear language that manages to connect diverse disciplines and in doing so, makes a complex system easily accessible and understandable. It will be of interest to mathematicians, geneticists, and all those interested in researching unity in science and astrobiology.

- Elaborates on several important aspects of General Systems Theory including nonlinearity.
- Each chapter is self-contained and explained relative to Mereon, providing references to scientific findings that are congruent with or expanded by Mereon.
- Offers a new way of modelling that can be applied across the sciences.

From reader reviews:

Heather Goodson:

Reading can called brain hangout, why? Because when you are reading a book especially book entitled The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) the mind will drift away trough every dimension, wandering in each aspect that maybe unfamiliar for but surely will become your mind friends. Imaging each word written in a reserve then become one type conclusion and explanation that will maybe you never get ahead of. The The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) giving you one more experience more than blown away your thoughts but also giving you useful details for your better life with this era. So now let us show you the relaxing pattern here is your body and mind will be pleased when you are finished studying it, like winning an activity. Do you want to try this extraordinary shelling out spare time activity?

Dan Gray:

This The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) is completely new way for you who has intense curiosity to look for some information mainly because it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or else you who still having bit of digest in reading this The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) can be the light food for you because the information inside this kind of book is easy to get by anyone. These books develop itself in the form and that is reachable by anyone, yeah I mean in the e-book web form. People who think that in publication form make them feel sleepy even dizzy this publication is the answer. So there is no in reading a guide especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss the idea! Just read this e-book type for your better life and knowledge.

Donald Jackson:

You can get this The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) by look at the bookstore or Mall. Merely viewing or reviewing it can to be your solve difficulty if you get difficulties for the knowledge. Kinds of this publication are various. Not only by written or printed but in addition can you enjoy this book by simply e-book. In the modern era similar to now, you just looking from your mobile phone and searching what your problem. Right now, choose your own personal ways to get more information about your e-book. It is most important to arrange yourself to make your knowledge are still up-date. Let's try to choose suitable ways for you.

Christina Harper:

Reading a guide make you to get more knowledge from that. You can take knowledge and information from your book. Book is composed or printed or created from each source which filled update of news. On this modern era like right now, many ways to get information are available for anyone. From media social like newspaper, magazines, science e-book, encyclopedia, reference book, new and comic. You can add your

knowledge by that book. Do you want to spend your spare time to open your book? Or just in search of the
The Mereon Matrix: Unity, Perspective and Paradox (Elsevier Insights) when you necessary it?
