The basis of the 1959 film starring Peter Sellers, this classic cold war satire-cum-parable-cum-political farce was first serialized in the Saturday Evening Post almost 50 years ago, appearing under the title *The Day New York Was Invaded*. At the time, the U.S. was afraid of a nuclear attack by Russia — the idea of an attack by a small country was so absurd as to seem comical. Wibberley's tiny European nation is furious about unfair U.S. trading practices, so they send an army to invade New York City, march up Broadway, and accidentally capture the world's newest and most destructive bomb. Then they have to figure out what to do with it. A whimsical cross between Kubrick and Kafka, *The Mouse That Roared* is a quirky classic of world literature, a poignant tale of political morality, and a hilarious, ultimately triumphant portrait of international relations from the perspective of the little guy.
