Cosmic History Chronicles Volume III, Book of the Mystery: Time and Art: Art as the Expression of the Absolute. Jose Arguelles, Stephanie South

This book is a must have for all artists and creative people alike. It takes us on a journey through the imaginal realm, especially as perceived in the present transition from the cycle of history into that of an era of galactic synchronization and cosmic consciousness. Of special note is the history of rock and roll, pop art and the creation and effects of the cybersphere as providing bridges to a new evolving planetary art form. Attention is also paid to a comprehension of the nature of art and the imagination from the evolutionary perspective of cosmic consciousness as a principle means of attaining to the Absolute. The text features a series of visionary telepathic meditations and a fold-out index of famous artists, rock stars and personalities as they are coded into the 260 unit Tzolkin or Harmonic Module of the Law of Time.
