Gemistry: A whimsical coloring book full of Gems Tamara van Wijk

One of the most popular items to color these days are gems and leaves. Gemistry combines these two items in 20 whimsical designs for you to color. Little warning up front: Most of the designs are intricate with some very small spaces. The illustrator is ok with photocopying the designs on preferred paper, so everyone can color with their own color medium of choice. For examples of the content you can see them at <http://payhip.com/Gemistry> ©Illustrations by T. all rights reserved. No sharing or uploading uncolored pages, and no commercial use allowed.
