## **Teachington Town** Mr Dan White

Like a great animated movie, Teachington Town delights young and old alike. Kids love the charming characters, unique locations and humorous little details whilst parents are kept amused by witty puns, visual jokes and quirky references. It's the end of the school day and you're heading home. On your way you'll meet lots of people who need your help – they've each lost something and it's your job to find the missing items. Can you help the waitress find her wedding cake before the big day? Will you track down the cheese for the poor mouse and his family? With 30 pages spread across the town there's lots to explore. One of the most unusual and original children's books for decades.
